INTERNATIONAL

— **COLLECTION** —

A MESSAGE FROM OUR FOUNDERS

To our valued guests,

As we all continue to face the tremendous challenges of COVID-19, we find that our ability to adapt grows stronger each day, confirming the power of the human spirit is alive and well, and will live far beyond this terrible pandemic.

Although the cruise and hospitality industries have been severely impacted, Diamonds International continues to work with local governments and health officials throughout the Caribbean, Mexico and United States to ensure that the safety and health of our guests, employees and residents remains a top priority.

As a leader in these regions for over 30 years, Diamonds International has celebrated birthdays, anniversaries, and many other special occasions alongside our guests. While celebrations may look a little different today, we are certain that brighter days lie ahead that will once again call together families and friends.

Until the time comes, we are pleased to offer our valued guests an opportunity to purchase the same luxurious jewelry and brand-named watches you're used to seeing in our stores through our digital catalogue. Jewelry specialists are available to help you find that incredible piece of fine jewelry, the perfect diamond, an exquisite watch or a custom one-of-a kind design.

Take advantage of the amazing services we offer as a reminder of what it was like, and will soon be again, traveling to beautiful locations and finding that one special piece of jewelry at Diamonds International to celebrate life's special, and most precious, moments.

With our warmest wishes for a safe and healthy global recovery from this pandemic and a sincere thank you for the privilege of serving you for over 30 years,

Sincerely,

Your Diamonds International Family

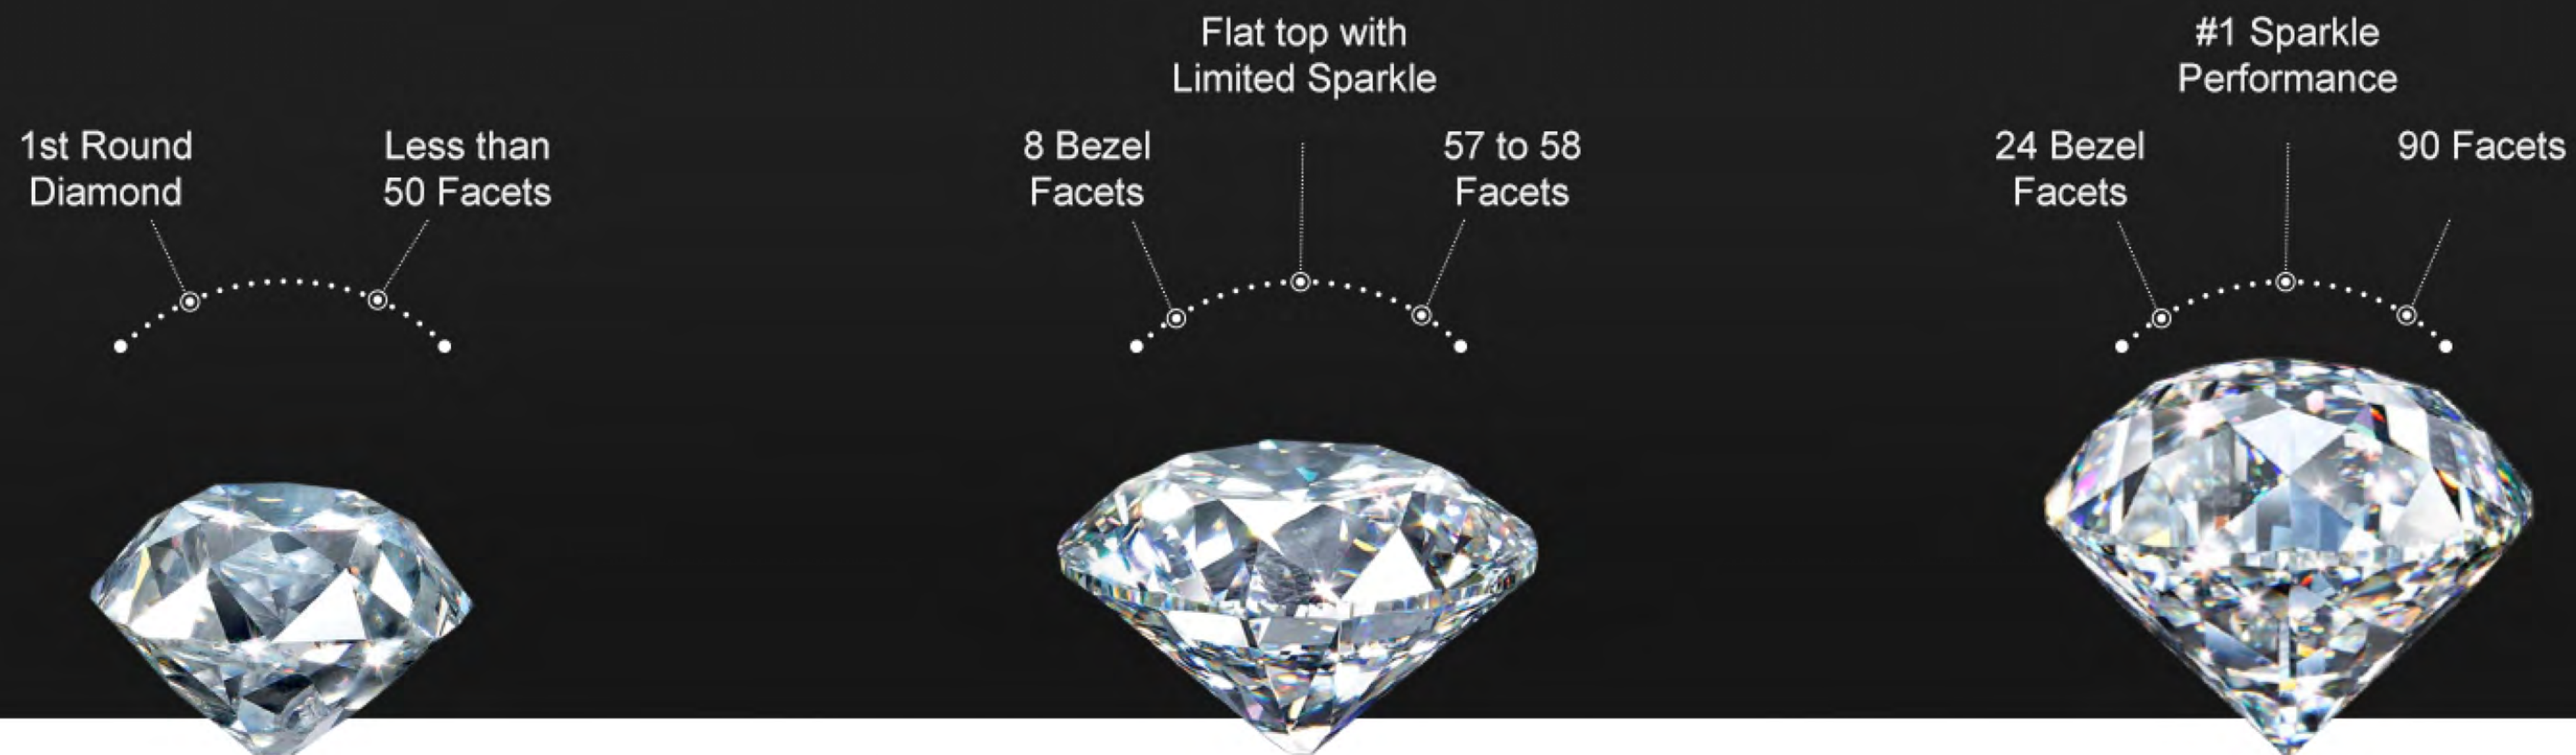

CROWN OF LIGHT®

The Art of Sparkle

Evolution of Diamonds

The Crown of Light diamond, Diamonds International's signature and patented cut, redefines the history of diamond cutting. Measured to perfection, with 90 masterfully hand-cut facets, the Crown of Light produces superior sparkle and fire. You have never experienced a diamond like this before.

DESIGNING THE RING OF YOUR DREAMS

Starts with selecting the perfect diamond.
Ask our sales associate how they can help find your perfect diamond.

CUT | A diamond's cut grade represents how well a diamond's facets interact with light, ultimately increasing the value and sparkle.

POPULAR SHAPES

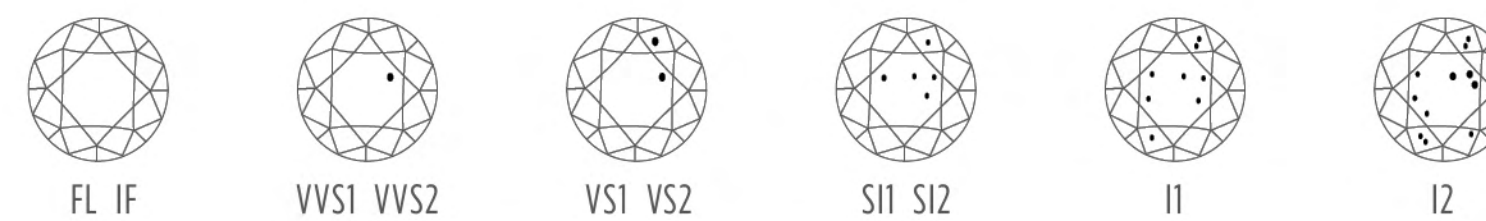

COLOR | White diamonds are graded on a scale that begins with D (colorless) and ends in Z (visible color). Colored diamonds range from fancy light to fancy vivid.

FANCY COLOR | FANCY VIVID | FANCY INTENSE | FANCY | FANCY LIGHT

CLARITY | Virtually all diamonds contain birthmarks called inclusions, also referred to as "Mother Nature's fingerprints."

CARAT WEIGHT | The carat weight of a diamond is not a measurement of size. A diamond's weight is expressed in carats and points.

Round shape 3ct - 0.50ct diamond size at actual size.
